

Certain statements included in this Annual Report and Accounts may be forward-looking and may (and often do) involve risks, assumptions and uncertainties that could cause actual results to differ materially from those expressed or implied by the forward-looking statements. Forward-looking statements include, without limitation, projections relating to results of operations and financial conditions and the Company's plans and objectives for future operations including, without limitation, discussions of the Company's business and financial plans, expected future revenues and expenditures, investments and disposals, risks associated with changes in economic conditions, the strength of the plumbing and heating and building materials market in North America and Europe, fluctuations in product prices and changes in exchange and interest rates. All forward-looking statements in this respect are based upon information known to the Company on the date of this report. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements, which speak only at their respective dates. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. It is not reasonably possible to itemise all of the many factors and events that could cause the Company's forward-looking statements to be incorrect or that could otherwise have a material adverse effect on the future operations or results of the Company.

Board photography by Philip Gatward  
Printed by St Ives Westerham Press

This report is printed on Revive 50:50 paper and cover board, with Revive Uncoated used in the financial section. Revive 50:50 is made from 50 per cent recovered waste fibre and 50 per cent virgin wood fibre from sustainable forests. Revive Uncoated is made from 80 per cent de-inked post-consumer waste and 20 per cent virgin wood fibre from sustainable forests. Both products are fully biodegradable and recyclable and produced in mills which hold ISO 9002 and ISO 14001 accreditation.

The CO<sub>2</sub> emissions from the production and distribution of this Annual Report and Accounts have been neutralised through UK forestry in Mynydd-y-Garnedd, Wales.
